🌱 ADHD Budget Planner — Complete User Manual

A low-stimulation, privacy-first personal finance tool engineered specifically for neurodivergent minds.

1. Device Installation

iOS Safari Open `https://rehanlabs.github.io/ADHD-Budget-Planner-2/` in Safari. Tap the Share button, then tap **"Add to Home Screen"**. This protects your data from Safari's 7-day auto-clearing.

Android Chrome Open the link in Chrome. Tap the three dots (⋮) top right and tap **"Add to Home Screen"** or **"Install App"**.

2. Core Features

- **Safe to Spend Today:** One single daily allowance number. Check it before making discretionary purchases.
- **Wishlist Pause (48h Vault):** Park impulse shopping urges. 82% of impulses fade on their own within 48 hours.
- **Burnout Shield:** A one-tap blackout emergency view for bad executive function days. Strips everything away down to one number.
- **Fixed Obligations:** Payday projection and upcoming bill reserve calculation.
- **Focus Scratchpad:** Zero-friction capture for money thoughts and anxiety capture.

3. Monthly Data Backups

All data stays 100% on your device in local storage. Once a month, visit **Preferences → Download Backup (.json)** and save the file to your Google Drive or iCloud so your budget is protected forever.
